

halo

With a contemporary, discreet aesthetic and commercial efficacy, Halo is the most versatile glueboard flykiller available for use across a range of commercial applications. Halo is available as a slimline 30, 45 or 60W model which can be wall, desk or horizontal ceiling mounted, or a 2x30W double sided ceiling suspended unit. All Halo products feature a light reflecting swing down front guard, simple glueboard replacement and common high efficacy 15W UV tubes for reduced inventory requirements.

For increased efficacy Halo incorporates UV reflecting aluminium components such as the removable debris tray. The patented* variable side light output gates either allow 180° light output for increased efficacy or when closed, ensure UV light does not discolour decorative mounting surfaces.

PRODUCT CODE	ZF100
DESCRIPTION	Halo 30
DIMENSIONS (MM) H x W x D	350 x 620 x 85
COVERAGE (M ²)	80
TUBES	2 X TP15-18
GLUEBOARDS	1 x INF199
WEIGHT (KG)	6.0

PRODUCT CODE	ZF101
DESCRIPTION	Halo 45
DIMENSIONS (MM) H x W x D	350 x 620 x 85
COVERAGE (M ²)	120
TUBES	3 X TP15-18
GLUEBOARDS	1 x INF199
WEIGHT (KG)	6.5

ROOM COVERAGE
80-120 m²

APPLICATION
Commercial Kitchen
+ Front of House
+ Industrial Food
Preparation Areas

* Patent pending

FEATURES Patented* variable side light output for maximum light out or mounting surface protection from the UV tubes

Commercial efficacy with a contemporary discreet aesthetic for a wide range of applications

Quick tool free access gives simple access to consumables for easy maintenance

High efficacy UV tubes

Designed for use with GLUPAC® pheromone impregnated glueboards

Independently tested and certified to RoHS and all relevant European standards

* Patent pending
